

I am a long-time listener of K-Love radio, which I hear through an FM translator. I am writing to let the FCC know that I don't want LPFM stations to take priority over current FM translator stations. I greatly appreciate being able to listen to a station that offers positive, wholesome and family friendly music and content, especially since there is only one other FM station in my area that offers similar programming. I also appreciate the ability to listen to K-Love when I travel, as it broadcasts over a wide geographic area through the FM translator service. Please do not give LPFM stations priority over current FM translators since there is no guarantee that K-Love won't be replaced by an LPFM with the same content that I and my family enjoy today. We are so glad to be able to turn our radio station to K-love and know that we will be hearing uplifting and positive programs.

Thank you,
Lisa Huntzinger
